Overview: One bedroom apartment in Puerto de la Duquesa. It is an apartment with a spacious living room with an integrated, fully equipped kitchen, a bathroom and a bedroom with fitted wardrobes. It has a terrace with unobstructed views. Puerto de la Duquesa is located between the well-known marinas of Sotogrande and Estepona. It has very good access from the A-7 road. In this port we find a great culinary offer and services. Its beaches are wide, with fine sand, awarded the blue flag several consecutive years, and views of the coast of Africa. It is without a doubt an exceptional holiday destination.
