Overview: Ideal for nature lovers, the philosophy that surrounds this fantastic project is represented by an architecture where spaces are bathed in light and air, creating a movement that is born outside and runs through the interior of the villa. To represent maximum freedom, the walls are glazed, thus leaving the interior field of vision of the villa completely open. This effect, in turn, protects the privacy of the owners at all times. Ultra-contemporary design, dressed in the elegant materials that will shape these wonderful villas impregnated with the aroma of the sea breeze. Located in a privileged and unique situation, forming a balcony over the Mediterranean Sea, never seen before. Just 10 minutes from Sotogrande, 5 minutes from Puerto Deportivo La Duquesa and 20 minutes from Estepona. A perfect recipe that combines light, sea and luxury design. The Villa makes it possible to live in an idyllic viewpoint where you can enjoy the beauty of the sunrise and the charm of the southern sunset every day. An indescribable feeling for nature lovers. The enjoyment of the surroundings merges with a splendid design and care typical of the highest-end villa, where no detail will be lacking to create the perfect setting.
