Overview: One of the most fabulous views of the Costa Del Sol!!!! Impressive property on four construction levels. The functional program of this fabulous villa is divided into an entrance hall, generously sized covered parking at the access level of the house itself; dining room, open kitchen, living room or technical room, laundry, Four large en-suite bedrooms; multifunctional rooms; gym, indoor pool; Jacuzzi, sauna, ...as exterior annexes, it is worth mentioning the distribution of both open and covered terraces that are distributed at different levels and heights, in such a way that, you can enjoy Spectacular panoramic views of the coastline from Marbella to Gibraltar with different orientations. The house is equipped with underfloor air conditioning by water circuit throughout the house, as well as an air conditioning system through ducts and a heat pump. A system of solar panels provided to the home with a network of hot water consumption sanitary. The interior communication of the house can be done thanks to an elevator that leads us to each of the 4 building levels. Its hillside construction provides the entire house with fantastic sea views of the coast from the very infinity layout of its outdoor swimming pool oriented to the South.
