Overview: Spectacular new built villa in Marbesa designed by the prestigious architect Carlos Lamas with stunning architecture in East Marbella and only 150 meters away from the beach, offering on three levels seven bedrooms, seven en-suite bathrooms, guest toilet, ample living and dining room with modern glass fireplace and with a very large and open plan kitchen, all with access to the stunning terrace with south orientation and with sea views and with access to the infinity pool and garden. There is a private elevator connecting the three levels plus the roof terrace with jacuzzi. In the basement there is a modern wine cellar, another living room, laundry room and large garage with space for three cars and including a spectacular built in fridge. The house is completely controlled by domotic system and features many extras. The best property on the market in east Marbella.
