Overview:This semi-detached house is located in the famous urbanization of Sierra Blanca, in a luxury gated complex where we can enjoy all the amenities provided, such as two communal indoor swimming pools and a SPA. It has the peculiarity that every 8 houses share another SPA with swimming pool and sauna. The house has a unique style, being the last of its group of 8, bordering the forest. Although the house does not have its own garden, it does have a beautiful infinity pool in front of the porch and the living room. The spaciousness and the height of the ceilings, make our living room a very large space to enjoy, giving it a very personal style of decoration proposed by Roche Bobois. We have an open and modern kitchen equipped with the latest Miele appliances. We complete the ground floor with a bedroom with en suite bathroom and a small guest toilet, a library with access to the laundry room, a small sitting room, a TV and music room, a small storage room and the garage with space for two cars. Access to the upper floor is via a modern and comfortable staircase or the interior lift, where we are welcomed by an elegant office leading to the two large bedrooms on the upper floor, especially the master bedroom, with a luxurious en-suite bathroom. All the bedrooms in the house have access to a small outdoor terrace. And finally, on the third floor, there is a large solarium that occupies the entire surface of the house, with cosy terrace furniture that can be enjoyed on the pleasant summer nights of the Costa del Sol.
