Overview: This exclusive apartment in a building built in 2004, in the heart of Fuengirola, close to all services, schools, medical centers, good access to the highway, supermarkets. The building has an elevator, the house on the corner, has 3 bedrooms, all of them exterior, and two bathrooms, all of them spacious, recently renovated, paint, doors with a modern and harmonious aesthetic, a terrace that surrounds almost the entire house to enjoy the luminosity that it brings to the house. The house, being the tallest building in the area, receives morning sun from the moment it rises, it has LPO for use as a vacation home. If you are thinking of moving to Fuengirola, this is your opportunity. The first thing you should know is that although it was originally a fishing village, after the tourist boom of the eighties it became a plural and lively city that, yes, has not forgotten its seafaring tradition.
