Statut: Vente	Type de propriété: Maison de ville en terrasse	Référence: R3651965	Publish date: 12.05.23

Vue d'ensemble:Great potential. Possible B&B. Located in the heart of Alhaurin el Grande Large private solarium 2 independent apartments. 6 bedrooms, 4 bathrooms, 4 living rooms, 2 kitchens and two storage rooms. Large house of 258m2 plus solarium of 120m2. Located in a pedestrian street in the heart of Alhaurin el Grande, this property offers endless possibilities. Currently the house is divided into 2 independent apartments (first and second floor) plus a solarium which is located on the third floor. Each apartment is distributed practically in the same way: 3 bedrooms, 2 bathrooms, 2 living rooms (one with a Juliet balcony) and kitchen. The apartment on the first floor requires a reform, and the one on the second floor (although reformed) requires some modernisation. The solarium is totally diaphanous, it offers beautiful views over the village rooftops and the Sierra of Alhaurín. There are also two storerooms, but ideally it would be to reform this area and to make a summer kitchen since there is a lot of space. There is street parking available relatively close to the property. ABOUT ALHAURÍN EL GRANDE Alhaurín el Grande is a beautiful, vibrant town and one of the largest villages in the Valle del Guadahorce, set in a privileged location with fabulous road connections to both the Costa del Sol and Málaga. It is the thirteenth largest city in the entire province of Málaga in population, second only to coastal municipalities, the cities of Ronda and Antequera and nearby Alhaurin de la Torre. It has a population around 25,000, but there is a large presence of foreigners

settled in the town, estimated to represent nearly 15% of the total population. The origin of the name was given by the Arabs, who called it "Alhaurin", where the Catholic Monarchs added "el Grande" to distinguish it from the neighbouring town of Alhaurín de la Torre after the conquest of both sites in 1485. Alhaurin el Grande is located on the north side of the Sierra de Mijas at an altitude of 326 metres above sea level, with a benign climate of mild winters and hot summers and more than a third of the days per year have sunshine. It is 29 km from Málaga and 18 km from Marbella. The Listing agent for itself and as agent for the vendor gives notice that: 1.
