Vue d'ensemble:This apartment is in a very well maintained, gated community. There is a gymnasium and a sauna and the gardens and pool area are lovely. This is a first floor, corner plot, with views over the sea and over the mountains. Perfectly located, with La Cala a very short drive and the Myramar shopping complex also a short drive away. Links to the A7 and the airport are great. There is an underground parking space and a storage room. Once you enter the apartment the kitchen, utility room and one bedroom and bathroom are off to the right. Straight on, down a hallway and through a closed door, you reach the spacious lounge area and a closed and open terrace, and the main bedroom and en suite bathroom, which also opens up onto the beautiful terrace.
