Vue d'ensemble: Patience is a virtue, they say. They also say that good things will come to those who wait. Well, the wait is over, because finally we can present a lovely southwest facing groundfloor apartment in excellent condition in sought after Jardines de Manilva. Only 400 metres from the beach and yet not disturbed by traffic, this is a gem among gems. Walking distance to the marina of La Duquesa is a bonus! Three bedrooms, two bathrooms. We have been waiting so long for this location to come to market and now someone's prayers have been listened to, because here it is. This beauty will NOT be on the market for long so seize the moment whilst it's here.
